

If in doubt please ask...

We do have requests for big items such as **welding machines, generators, compressors and Industrial Tools**. If you have any of these or similar items please do get in touch.

Sometimes people donate tools that are not suitable to send to Africa, either due to their age or because they would not be used. We also have some tools donated in such quantities that we cannot use all of them. On these occasions we will attempt to sell them to raise vital funds for our work.

Our priority is always to keep people safe

We cannot accept any tools that do not have all their safety shields and other safety features intact and unbroken. We will not send any equipment that endangers life. **To find your nearest volunteer collector or Refurbishment Centre** please check our website or give us a ring: **twam.uk/findcollector 01473 210220**

We'd love to stay in touch

From time to time we would like to send you our magazine and other mailings and/or our regular e-newsletter by email.

No thank you...

It's not about what we want, it's about what people can use. What may be useful to us, may not be useful to recipients in our partner countries. If we say we can't take something, we're not being ungrateful, we're just being honest.

All broken tools - we can sharpen and remove surface rust, but can't repair or take tools with woodworm.

Ladders and step ladders

Lawn rakes/long handled shears

Electric and hand lawnmowers

Printers, scanners, typewriters

Disability aids: walking frames, wheelchairs, medicines and glasses

Clothes and shoes

Bikes: men's, women's and children's

Books

Embroidery materials, curtains and weaving materials

This is not an exhaustive list, just the main things we are offered by well meaning supporters on a regular basis. If you are unsure, please contact us using the details overleaf.
